

Free Resources / Activities for Sunday Children's Groups

May 2009

Max 7

(www.max7.org) Fantastic free resources for working with children and young people. Most of the material is aimed at children. Available on the website are teaching material, audio, video and training resources. The following are their key curriculum resources:

BibleMAX - Global curriculum for 7-11 year old kids.

BibleMAX Express - global curriculum for 7-11 year old kids.

Living in the Kingdom - curriculum to help children discover what it means to live as a child of the King of Kings.

Join The Team - programme to help 10 – 12 year olds consider their response to what Jesus has done for them.

They also have a "Bible Overview" which is under the "bible studies" tab, which gives you 21 visuals either to illustrate teaching, or give out to the children as an activity sheet to colour in.

BIG IDEAS - Veggie Tales

(www.bigideafun.com/veggietales/activities/default.htm) Stacks of colouring fun for download - if you are familiar with Veggie Tales, you will know that the short animated films link to bible stories. It doesn't

matter if you have watched the videos or not, the colouring sheets are self explanatory and can compliment any teaching you might have given on related bible stories.

Light Live - Scripture Union

(www.scriptureunion.org.uk/lightlive) This is Scripture Union's back catalogue - loads of free resources, bible teaching sessions, pictures, audio, slide shows etc. You type in what you want, once registered, say, "creation" - and up pop all the material - you can then start to build a teaching plan yourself - the software helpfully summarises

what you need on the right hand side in terms of equipment, and on the left hand gives you a quick overview of your session. As you add items, it also totals up how long it thinks you will need to get through everything! Really good!
